SUMMARY

Computer Science student with practical experience in JavaScript, Java, Python, and C. Passionate about building interactive web applications and exploring AI driven technologies. Experienced in turning Figma designs into responsive user interfaces and collaborating in hackathon teams. Interested in cloud computing, data analytics, and cybersecurity, with a focus on developing real world, efficient software solutions.

EDUCATION

Mangalore Institute of Technology & Engineering
Computer Science and Engineering

Sep 2023 - Jun 2027

- Maintaining a strong academic record with a CGPA of 8.5, while gaining practical experience in software development, AI and cloud technologies.

PROJECTS

Duolingo Inspired Language Learning App

Oct 2024 - Dec 2024

Tech stack: Figma, Notion, Adobe XD

- Built a web app replicating Duolingo’s gamified UI/UX, focusing on lessons, leaderboards and rewards.
- Designed and prototyped interactive flows using Figma and Notion.
- Enhanced user engagement with celebratory animations and competitive features.

Imchef E-Commerce Platform

Sep 2025 - Oct 2025

Tech Stack: React, Firebase Authentication, Google Cloud, Vercel, AI Tools (Cursor), EmailJS

- Developed and deployed a premium e-commerce site with AI assisted coding using Cursor.
- Implemented secure Firebase authentication (sign-up/login).
- Automated orders with EmailJS and hosted on Vercel.
- Delivered responsive UI with dynamic product listings.

COURSES AND CERTIFICATION

- **Postman API Fundamentals Student Expert, Postman** Jul 2024
- **UiPath Academy Automation Explorer Training, UiPath** Mar 2024
- **Figma Essential for User Interface and User Experience UI UX,Udemy** Dec 2024

TECHNICAL SKILLS

- Languages: Java, Python, C, JavaScript, TypeScript
- Web Technologies: HTML5, CSS3, Tailwind CSS, React
- Database: MySQL,Firebase,Supebase,Node.js
- Cloud & Dev Tools: Google Cloud, Vercel, Figma, Notion, Jira
- Version Control: Git, GitHub

ACHIEVEMENTS

- **Google Cloud Arcade Facilitator (Champions Tier)** Jul 2024 - Dec 2024
 - Earned top tier recognition by completing hands on labs and achieving 78 Arcade Points in the program.
- Solved 50+ algorithmic problems on platforms like LeetCode and HackerRank, demonstrating strong problem-solving and coding skills
